

# DuraTap™ Sieve Shaker, Advantech

The DuraTap™ Sieve Shaker is a heavy-duty shaker designed to accommodate 8" and 200 mm or 12" and 300 mm diameter test sieves. The tower and wear parts are engineered and constructed with industrial-strength components to withstand everyday, harsh duty cycles. Greased fittings are provided to ensure longer life of the bearings. The built-in digital timer allows for repeatable results.

This unit is ideal for use with aggregates, sands, cements, chemicals, powdered metals, cosmetics, grains, seeds, coal, soils, coffee, tobacco pharmaceuticals and many other dry components in pellet, ground, granular or powder form.

Ordering Information: Units are supplied with cork, rubber plug, electrical line cord and instruction manual.
