

Tissue Float Bath

Model 26103Q

Low-Profile Economical Float Bath!

- Controlled temperature up to 70°C
- Seamless 2.3 liter aluminum chamber
- ★ 24 Month Warranty

Product Description

- Designed to thoroughly soften embedded tissue specimens without creating wrinkles, folds or distortions.
- One-piece aluminum chamber is easy to clean and won't leak into electrical component areas.
- 2.3 liter black finished interior reduces glare, improving visibility of tissue specimen.
- Top ledge of bath allows space for preheating or for evaporating away any remaining water on the glass slides.
- Chamber is completely encircled by sheathed heater for uniform, broad surface heating.
- Fiberglass-insulated body prevents heat loss and temperature fluctuations.
- Chamber capacity of 2.3 liters.
- Model 26106Q has a LED temperature display and a hydraulic temperature control.
- Model 26106Q has a removable 1.9 liter pyrex glass pan for easier cleaning.
- Model 26106Q has a 6 watt fluorescent lamp that illuminates the bath pan to increase visibility.

Model 26106Q

ORDERING INFORMATION

Model #	Electrical (50/60 Hz)	
	Volts	Watts
26103Q	120	300
26104Q	240	300
26106Q	120	600

UL
